

FMIRAPO MIRAGE

The Mirage indoor and outdoor line takes us back to the dreams of summer nights. It celebrates the wait for the summer season, the first rays of spring sunshine, which bring a feeling of joy and euphoria. The generosity of the cushions follows the shape of the body and invites us to relax, enjoying the sun. The fine metal structure, in the form of waves, surrounds the cushions and refers to a mirage, an optical illusion due to the uneven refraction of the sun's rays.
