

## FT540001 PALETTE

When Isabelle de Borchgrave paints a picture, she mixes her colors on a piece of paper and, even without meaning to, she composes. Even her palette becomes paint. It is pure creative energy. Everything is expression. When she mixes her colors, you can feel the intensity of her movements, the vitality of her hand, and her instinct for color. It is also a tribute to the studio, that incredible place where anything can happen. Only digital printing could convey this creative energy. The result is a wide-width printed carpet, full of color and vitality.
