Fire retardant

CARPETS

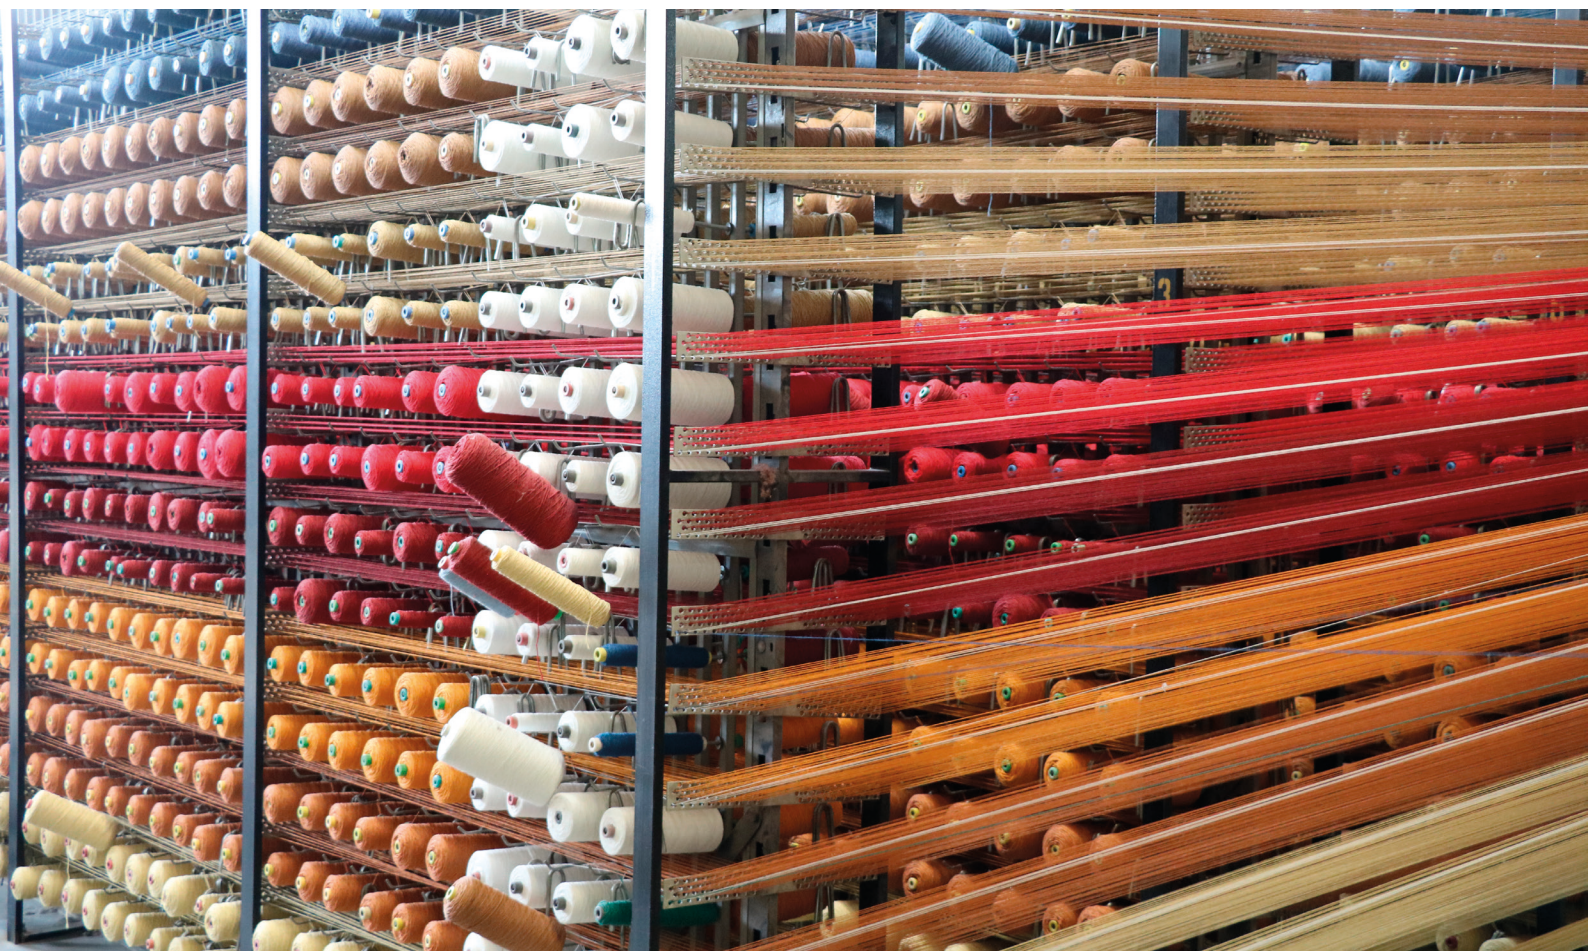

FAST-TRACK

The concept is to work with pre-mounted colour palettes on the loom in order to be able to respond quickly to deadline requirements.

Pierre Frey has defined 6 different palettes.

Delivered in rolls of 4 meters wide, all the designs adapted to this technique **can be ordered from 20m²**.

- Choose a pattern available in the Pierre Frey carpet catalogue
- Choose from 6 palettes of 8 to 16 predefined colours
No mixing of palettes. One palette = one loom
- All-over pattern in 400 cm width only
No border, no runner
Delivered in rolls and cut to size at the fitter's expense
