

## F3215001 HEATHER

This linen print reproduces an abstract painting by the artist Heather Chontos. These colored shapes are abstract interpretations of her environment. They include delicate details of everyday life and landscapes under a changing light or expressions of emotion felt in their presence. Chontos replaces brushes and other traditional painting tools with old credit cards or scraps of plastic, which offer her greater freedom of expression. With this fabric, Pierre Frey continues a delightful exploration of the world of contemporary art.
