

F3479003 LES PAGODES

This high-performance fabric is developed and woven in the Pierre Frey workshops in the north of France. It offers the best performance for in/outdoor use: stain resistance thanks to a water-repellent treatment with a textile feel and high lightfastness. The design presents pagoda and Asian jungle motifs in a recolored classical spirit. The pocket weaving technique allows a double-sided use and brings a beautiful modernity inside or outside.
