

## F3486001 SMALL SURPRISE

With its mat areas beautifully screen printed on a cotton velvet, ideal for upholstery as for drapery, this courageous pattern comes with a classic Bauhaus approach. Made from a black paper rectangle, cut 13 times and transformed into a new and dynamic form, this design introduces a powerful balance of positive and negative space and form. This pattern has a larger scale partner pattern: "SURPRISE", printed on a heavy cotton canvas.
