

F4081003 COTENTIN

High-performance indoor-outdoor fabric, COTENTIN revisits one of the brand's historic tartan designs. Both supple and durable, it can be used for curtains and upholstery. Its colouring gives it a contemporary and modern feel, with aquatic or spring-like tones. Woven in Pierre Frey's certified EPV workshops in northern France, European experts in light-resistant, water-repellent, washable and mould-resistant textiles. COTENTIN coordinates perfectly with the plain In-Outdoor COMPORTA chenille.
