

FBELLCA220LB BELLPORT

BELLPORT, designed by Christian Haas, captures the hushed atmosphere of a Long Island village, where understated elegance meets a lifestyle shaped by sharing. It is a place where comfort settles in effortlessly, without ostentation. Everything is conceived with hospitality in mind. The proportions are generous, the lines open, the seat deep. The sofa invites you to sit, to gather, and to linger. Here, comfort takes on a form of its own. The generously drawn volumes convey an immediate sense of softness. The broad, continuous backrest and armrests gently envelop the body, creating a calm and composed silhouette. Down-filled cushions provide a supple, almost fluid feel, moving with the body without ever restricting it. Fabric finds its fullest expression here. Spread across these expansive surfaces, it reveals its richness, texture, and depth. The solid wood base grounds the piece. It can blend seamlessly into the upholstery or stand out in lacquer, in a chosen shade, extending the freedom of composition.
