

## FMAJOME210SPE MAJORDOME

The Majordome collection is inspired by the 1930s. The French decorative spirit was particularly fond of pieces that could be used to create a living room called a boudoir. In homage to Madeleine Castaing, antique dealer and decorator, the design of this line includes classic cornice details, animal patterns and shiny velvet used in a very contemporary way and with a subtle elegance. The different elements allow to create sets that adapt to different types of uses. The meridian is complemented by footstools and armchairs to create places for conversations and meetings with friends.
