

## FPERECH PERETTE

PERETTE, a contemporary re-edition of an iconic design from the Pierre Frey Mobilier archives, celebrates the subtle alliance between heritage and modernity. It recaptures the essence of a distinctly French style, refined with sleeker lines, measured simplicity and an elegance that transcends trends. Its silhouette, both soft and precise, reveals a rare balance: gently flared legs that lighten the structure, a generous yet understated seat, and a backrest whose upholstery work, conceived to be appreciated from both front and reverse, brings depth, comfort and a discreet graphic rhythm. The piping, integrated with near-couture finesse, outlines the curves and reaffirms the harmony of the proportions, like a pencil stroke completing a drawing. PERETTE embodies the excellence of the workshops, a piece that breathes mastery of technique, the precision of sculpted wood and the sensibility of furniture designed to endure. It settles naturally into classical interiors, yet finds its place just as seamlessly in more contemporary spaces where its quiet elegance becomes a guiding thread, an understated, timeless note. A revisited classic that affirms one truth: beauty does not age, it reinvents itself.
