

FP254001 CACTUS

This motif evokes the vital and graphic force of the desert as raw yet elegant nature—a tribal motif, an ancestral tattoo. It reflects the dialogue between Isabelle de Borchgrave's instinctive gestures and her structured, controlled compositions. Minimalist and powerful, this design conveys energy and vegetal calligraphy. It also reflects the artist's taste for ethnographic patterns and African textiles. It is traditionally screen-printed on a textile base with pearlescent highlights, giving it a sophisticated and graphic appearance.
