

FP256001 FRIDA

Isabelle de Borchgrave's tribute to the world of Frida Kahlo, inspired by her latest exhibition at the Royal Museums of Fine Arts in Brussels. The design recalls a series of belts and textile trims found in Frida's wardrobe: weaves, embroidery, floral motifs, and warm, contrasting colours. The artist admired

Frida Kahlo's courage, her creative freedom, and her bold feminine style. 3D digital printing brings this wall covering to life, creating a striking play of light on the surface for a thoroughly contemporary effect.
