

## FP262001 VIVA LA VIDA

Isabelle loves gold, which illuminates like a presence, like something sacred, making everything more beautiful and alive. A material apart, spanning centuries, capturing light and revealing colors. Gold also evokes the hand of the artisan, which has always fascinated Isabelle. The irregular ikats are precious to her, as they express the freedom of her gesture. The motif's vibration comes alive, giving the impression that it breathes. The ikats also reflect Isabelle's passion for travel and the Silk Road. The Pierre Frey studio has combined creativity and technical mastery to faithfully and innovatively reproduce the artist's work. Crumpled non-woven backing, digital printing, and traditional gilded overprinting make this motif an exceptional wall covering.
