

FP836002 LES ELEPHANTS JARDINIERS

The elephants take care of the garden! Various foliage rises on a background trellis. Potted plants, fruit trees... it is necessary to water, rake, transport the soil and replant... What a job! This drawing is part of the first children's collection of wallpapers of Maison Pierre Frey, created on the occasion of the birth of the children of Mr. Patrick Frey. A delightful re-edition!
